"LOST TRAIN" ANTHOLOGY/ARTIST COLLABORATION UPDATE:

We are thrilled have Minh's colorful acrylic painting "Dream Train" in the anthology project. Her contribution is a very colorful painting of a train in acrylics. It came about when she was playing with colors, and all of a sudden, a train emerged. She then went on and further developed her "Dream Train".

Minh Rosen is a collective member of the Art Gallery of Snoqualmie. Here is the link to her page in the gallery.

Below are photos of some of Minh's work. She loves painting people and pets and most of her paintings are of the puppies that visit the gallery, when the owners were kind enough to let her photograph them.
